

Key Points for the Appointment of Oral Examination

Committee Members for Master Program of

International Smart Manufacturing

National Chung Cheng University

Approved at the 11th meeting of the Curriculum Committee of the Department of Mechanical Engineering on June 17, 2024.

☑ The Master Program of International Smart Manufacturing stipulates the key points for the appointment of Oral Examination Committee Members for Master Program of International Smart Manufacturing in accordance with the provisions of Article 8 of the graduate student conferring method of the school.

☑ There are three to five members of oral examination committee members of the oral examination, and their qualifications are as follows:

Those who have specialized research on the subject or technical report of the thesis submitted by the graduate students of the oral examination, and meet one of the following conditions:

- i. Former professors, associate professors, or assistant professors.
- ii. Those who are academicians of Academia Sinica or former researchers, associate researchers, or research assistants of Academia Sinica.
- iii. Possess a doctorate degree and have made academic achievements.
- iv. The research field belongs to a rare or special subject, and has achieved academically or professionally.

Those in Paragraph iii should meet the qualification standards approved by the department's executive meeting, provide supporting evidence, and have the department director sign and seal the list of oral examination members.

In addition to meeting the qualification criteria approved by the department's executive meeting and providing supporting information, those in paragraph 4 must also be reviewed and approved by the academic committee of the department before appointment, and the department chair shall sign and seal the list of oral examination committee members.

☑ For the oral examination fee and transportation expenses, the oral examination fee is limited to four committee members, and the transportation fee is limited to one non-campus oral committee member.

- ☑ At least one of the oral examination committee members must be an external committee member.

- ☑ The key points for the appointment of Oral Examination Committee Members for Master Program of International Smart Manufacturing were formulated by the Curriculum Committee of the Program and will be implemented upon approval at the meeting of the Department of Mechanical Engineering. Any subsequent amendments shall be submitted for review.
